

POWERFUL QUESTION DRILL DOWN AND PERFORMANCE STUDY TOOLS

Your student just completed an exam, and you want to review their results. How and where can you access these details and perhaps even filter these results for useful performance study?

There are a few places to see these results. Let's start with the landing page when he/she logs in.

Drill Down to Math Questions
Drill down only available if there exists previous user data. Snapshots or ELA A exams are not available. Your data is captured here.
Every correct answer in math or ELA earns 1 point. There is a strong positive correlation between students who earn high scores in math or ELA and successful admission to an SHS.

Click View for two available report versions: a. **Snapshot** is the original grade report with answer explanations. b. **Table format** can be filtered by correct, wrong, and unanswered questions. Includes all exams and exercises.

| Quiz name | Time spent | Problems attempted | Score and Grade | Percent correct | View Details |
|-------------------|------------|--------------------|-------------------------|-----------------|--------------|
| Rapid Math Drills | 00:01:37 | 5 | None (with 5.00 points) | 100% | view |
| At Dusk | 00:25:42 | 7 | 354 | 100% | view |

Before choosing to work in math or ELA, you will see a list of exams and exercises under Practice Exam Results. There are two options.

- Find the specific exam taken like the 2022-2023 Math A Exam shown below and select the View button. Then select Snapshot in blue to see the original grade report your son/daughter saw after submitting results. You can review individual questions and answer explanations as you like.

Date: August 2, 2025
Total points collected: 37.00
Achieved grade: 232

The textual details below show exact snapshot of the questions in the way that student have seen them when taking the quiz. If you have added, edited or deleted questions since then you will not see these changes here.

Search:

| Date | Exam Name | Question | Answer | Difficulty | Question Category | Correct |
|------------|-------------------|----------|------------|------------|--------------------|---------|
| 07/07/2025 | Rapid Math Drills | 2 | 19 | Medium | Mean/Median/Range | Correct |
| 07/07/2025 | Rapid Math Drills | 52 | J. 85 | Easy | Mean/Median/Range | Correct |
| 07/07/2025 | Rapid Math Drills | 8 | D. 6 | Hard | Mean/Median/Range | Correct |
| 07/07/2025 | Rapid Math Drills | 28 | D. Jesus | Medium | Mean/Median/Range | Correct |
| 07/07/2025 | Rapid Math Drills | 84 | H. 40 | Easy | Mean/Median/Range | Correct |
| 06/30/2025 | Rapid Math Drills | 40 | D. 24 | Hard | Ratios/Proportions | Correct |
| 06/30/2025 | Rapid Math Drills | 65 | E. \$73.71 | Medium | Ratios/Proportions | Correct |
| 06/30/2025 | Rapid Math Drills | 66 | H. 14 | Easy | Ratios/Proportions | Wrong |
| 06/30/2025 | Rapid Math Drills | 67 | B. 1:10 | Easy | Ratios/Proportions | Correct |

If you click on any row, the details of that question will pop up, including question, answers, and answer explanations, often presented in video form. Furthermore, you can filter this table to review only wrong answers across all exams, or hard questions only, or to filter by a single topic like ratios shown below. The new average for that filtered study is shown in the upper left. In this way, you can study your student's performance like never before, limited only by your creativity and insights. Why work with a physical book when you can leverage the power of your data to your benefit?

Math Practice Exercises & Lessons

Click Results to see the same color coded table as above but for the questions and results of that exam only. We believe knowledge is power. If you (student, teacher, or parent) can easily track your student's weaknesses real time and access related lessons, you can maximize your potential to improve. Happy studies!
